- Please maintain social distancing on and off the stage and avoid congregating in the backstage areas. During rehearsals, please unpack and leave your instrument cases near their chairs during rehearsals except for cellos and bass cases, which can be stored backstage. During a performance, additional space will be made available off stage to accommodate all cases, and procedures will be communicated during rehearsal.
- Rehearsal Duration and Breaks: There will be 15-minute breaks after each 30-minute rehearsal, AND we will alternate between the stage and band room for each rehearsal to ensure that each space is ventilated for one hour before being used again.
- Regularly wash and sanitize hands. Bathroom access and hand sanitizer are provided in multiple locations throughout the performance hall and rehearsal spaces.
- To avoid congregation, food and drinks will not be provided.
- Stage and rehearsal spaces will be sanitized in-between services. Following each service, please be prepared to take all items with you before leaving the backstage area. There will be no musician access to the audience or lobby areas after the concert or between rehearsals and nor will the public have backstage access at any time.
- There will be a limited in-person audience for each concert. All audience members will be seated according to the venue's social-distancing policy and capacity limitations.
- Should you start feeling any flu-like symptoms, be contact-traced to a person experiencing COVID-like symptoms, or have tested positive for COVID-19, please inform the MTS Personnel Manager immediately.
- These protocols are general and will be tailored and updated for each venue.
- Failure to comply with all safety protocols and procedures may result in removal from the venue without payment for the service.
- Declining this engagement will not affect your standing with the orchestra in the future.
